About Company

Dreamlite is a project to build an integrated infrastructure based on ecosystem resources and will gradually open to the blockchain industry. Dreamlite is committed to being the birthplace of innovative technologies and innovative businesses, building a complete ecosystem of technology development, NFT and Metaverse gaming Platform along with Open marketplace for crypto Trading and NFTs.

Peter has been a tech startup entrepreneur for over 10 years. After graduating from university at the age of 21, Peter moved to US and has started taking distinctive projects towards development and deployment. Bringing his vast experience in multiple segments of the industry, he has taken lead on developing one of US's big e-commerce businesses as well as becoming a security and infrastructure expert running an expansive SAAS startup that consistently ranked at the top of iOS and Android app stores.
